Ref. No. 6/803 of 1753/4

Dated, 18th May 1904.

Dear Sir,

With reference to your endorsement, dated 13th May 1904, on a communication from the Collector of Coimbatore addressed to the Government of Mysore, through the Honorable The Resident, I beg to offer the following explanation of my conduct under the circumstances reported:—

On the 4th April I travelled in the Mail train from Coonoor to Bangalore. At Pothanur, I and two other passengers who were travelling in the through carriage to Bangalore were served with Plague passports, o

although

although we were leaving a non-infected, for an infected area, where the Plague passport system is not in operation, and which latter area is outside the jurisdiction of the Government of Madras.

On arrival at Erode there was very great delay on the part of the Plague authorities in Plague inspection; and I and the two other passengers above mentioned, were not allowed to leave our carriage, although we had only a short time in which ~~we were~~ to take our dinner there. We were therefore obliged to take the unusual course of leaving the carriage by the window

instead

instead of the door; and having finished our dinner returned to our through carriage, and were duly examined by the Hospital Assistant, who by that time had found it convenient to stroll down to our end of the train, and who was kind enough to recognise me an old acquaintance

We in no way evaded any Plague, regulation or inspection, and merely ~~eat~~ eat our dinner and returned to our carriage, in a most ordinary and orderly manner.
